2. Purpose & Scope

Purpose

To ensure all accidents, incidents, and near -misses are reported, documented, and escalated immediately to the proper authorities and company representatives.

Scope

Applies to all Aeria Solutions employees, contractors, subcontractors, and visitors engaged in RPAS operations and related fieldwork.

3. Definitions & References

Definitions

- Incident: An occurrence that could affect safety but does not result in injury or major damage.
- Accident: An event involving injury, death, or significant damage to RPAS, property, or environment.
- Near-Miss: An event with potential for harm but avoided due to chance or timely intervention.

References

- Aeria RPAS Operations
- Aeria HSE Policy
- Canadian Aviation Regulations (CARs) 901.49(1)
- Canada Labour Code, Part II, Section 125(1)(c)

4. Policy Statement

All accidents, incidents, and near-misses must be reported immediately. Reporting is mandatory and ensures compliance with regulatory requirements, supports corrective action, and improves operational safety.

5. Procedures

Step-by-Step Actions

1. Medical Emergency (injury or fatality):
 - Call 911 immediately.
 - Then notify Aeria Accountable Executive.
2. Serious RPAS Accident (collision with manned aircraft, >25kg RPAS crash, injury, or death):
 - Call Transportation Safety Board (TSB):
 - Toll-Free: 1-800-387-3557
 - Direct/Collect: 1-819-994-3741
 - Notify Transport Canada RPAS Centre of Excellence.
 - Notify Aeria Accountable Executive.
3. Other Incidents (loss of control, fly-away, property damage, near-miss):
 - Notify Transport Canada (via CADORS if applicable).
 - Notify Aeria Operations Manager.
4. Internal Reporting:
 - Complete Aeria Incident/Accident Report Form (SiteDocs).
 - Submit to Operations Manager and HSE Representative.

Call Order by Priority

1. Emergency Services (if required for life safety).
2. TSB (for major aviation occurrences).
3. Transport Canada (for reportable RPAS events).
4. Aeria Accountable Executive (Dustin Wales: 604-849-2345).
5. Aeria Operations Manager (per operation).
6. Aeria HSE Representative (per operation).

Roles & Responsibilities for Each Step

Accountable Executive:

- Ensure regulatory reports are submitted.
- Escalate to regulators as required.
- Oversee corrective actions.

Operations Manager:

- Ensure incidents are logged and reported internally.
- Notify clients if an incident occurred during contracted work.

PIC:

- Stop operations and make first notification calls.
- Preserve the scene if safe to do so.

Crew Members:

- Support emergency response.
- Provide witness statements and information.

Tools, Forms, or Checklists to be Used

- Aeria Incident/Accident Report Form (SiteDocs)
- TSB Reporting Form (if applicable)
- AirData flight logs for supporting evidence

Safety/Compliance/Quality Requirements

- Compliance with CARs 901.49(1) for RPAS occurrences.

- Compliance with Canada Labour Code, Part II – Employer duty to investigate and report.
- All records are retained for 12–24 months, depending on regulatory requirements.

Reporting or Escalation Processes

- Escalate serious occurrences immediately to the Accountable Executive.
- External reporting required for:
 - RPAS accidents over 25kg.
 - Collisions with manned aircraft.
 - Any serious injury or death.

6. Roles & Responsibilities

Management

- Ensure reporting systems are functional and accessible.
- Submit required reports to regulators.
- Allocate resources for investigations.

Supervisors

- Initiate reporting immediately after an event.
- Ensure scene preservation where safe and practical.
- Lead initial incident response until management takes over.

Staff

- Report all incidents and near-misses without delay.
- Cooperate with investigations and corrective actions.

7. Monitoring, Compliance & Enforcement

How Compliance Will Be Monitored

- Regular audits of incident/accident logs.
- Annual safety program review.
- Tracking trends from investigations to identify recurring hazards.

Consequences for Non-Compliance

- Failure to report is considered a serious violation.
- May result in removal from duty, retraining, or disciplinary action up to termination.

Reporting Obligations

- Internal reports must be filed in SiteDocs.
- Reports retained in compliance with CAR 901.48 (24 months).
- External reporting to Transport Canada and/or TSB where required.
