2. Purpose & Scope

Purpose

This policy exists to formalize Aeria Solutions Ltd.'s pledge to prioritize the health, safety, and well-being of all employees, contractors, and visitors. Its objectives include fostering a proactive safety culture, preventing workplace injuries, and aligning with legal and industry standards, addressing the challenge of maintaining a safe and healthy work environment.

Scope

This policy applies to all employees, contractors, and visitors engaged in Aeria Solutions Ltd.'s operations, encompassing all departments, roles, activities, and locations where the company operates.

3. Definitions & References

Definitions

- Health & Safety Pledge: A formal commitment by Aeria Solutions Ltd. to uphold the highest standards of safety and well-being in the workplace.
- Zero Harm: An aspiration to eliminate all incidents, injuries, and occupational illnesses.

- Workplace Safety Culture: A shared value system promoting safe behaviors and practices across the organization

References

- BC Occupational Health and Safety Regulation.
- Aeria Solutions Ltd. Health & Safety Policy.
- Workers Compensation Act (British Columbia).
- Relevant federal and provincial health and safety legislation.

4. Policy Statement

Aeria Solutions Ltd. pledges to maintain a workplace free from recognized hazards by committing to the highest standards of health and safety. We dedicate ourselves to protecting the well-being of all employees, contractors, and visitors, fostering a culture of safety through leadership, compliance with regulations, and continuous improvement.

5. Procedures

Step-by-Step Actions

- Leadership Commitment: Leadership demonstrates a visible commitment to safety by setting policies and allocating resources.
- Risk Identification: Regularly identify and assess workplace hazards to prevent incidents.
- Training Programs: Implement ongoing safety training for all personnel to ensure awareness and competence.
- Safety Audits: Conduct periodic audits to verify compliance and identify improvement areas.
- Incident Reporting: Establish a process for reporting and investigating all incidents or near-misses.

Roles & Responsibilities for Each Step

- Leadership Commitment: Management and leadership team.
- Risk Identification: HSE Representatives and supervisors.
- Training Programs: Training coordinators and HSE Management.
- Safety Audits: HSE team and external auditors.

- Incident Reporting: All employees, supervised by HSE Representatives.

Tools, Forms, or Checklists to be Used

- Hazard assessment forms (e.g., FLRA/FLHA)
- Training logs
- Audit checklists
- Incident report templates.

Safety/Compliance/Quality Requirements

Adherence to BC OHS Regulation, industry best practices, and internal safety standards during all procedures.

Reporting or Escalation Processes

Report incidents or concerns to supervisors or HSE Representatives; escalate unresolved issues to management for review and action.

6. Roles & Responsibilities

- **Management** : Accountable for establishing safety policies, providing resources, and leading by example to enforce the pledge.
- **Supervisors** : Ensure team adherence to safety practices, conduct regular checks, and address reported hazards promptly.
- **Staff** : Participate in training, report hazards, and comply with safety protocols to support the pledge.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through monthly safety audits, incident reviews, and employee feedback sessions to ensure ongoing adherence.
- **Consequences for Non -Compliance** : Disciplinary actions ranging from warnings to termination, depending on the severity of non-compliance.

- **Reporting Obligations** : All incidents, near-misses, or safety concerns must be reported to HSE Representatives within 24 hours.
