2. Purpose & Scope

Purpose

This statement exists to affirm Aeria Solutions Ltd.'s core dedication to health, safety, and environmental protection. Its objectives are to establish safety as a foundational value, promote a culture of zero harm, ensure compliance with regulations, and empower all stakeholders to contribute to a safe workplace, ultimately solving the problem of preventable incidents, injuries, and occupational illnesses.

Scope

This statement applies to all employees, contractors, clients, visitors, and third parties involved in Aeria Solutions Ltd.'s operations, including all departments, roles, activities, and locations where the company conducts business.

3. Definitions & References

Definitions

- Zero Harm Philosophy: A guiding principle aiming for a workplace free from incidents, injuries, and occupational illnesses.

- Health and Safety Management System (HSMS): A proactive framework for developing, implementing, and sustaining health and safety policies and procedures.
- Proactive Risk Management: The process of identifying, assessing, and mitigating risks before they cause harm.

References

- BC OHS Regulation (e.g., s.3.12 Refusal of Unsafe Work).
- Aeria Solutions Ltd. Health & Safety Policy.
- Aeria Solutions Ltd. Environmental Policy.
- Relevant federal and provincial health, safety, and environmental legislation.

4. Policy Statement

Aeria Solutions Ltd. is committed to fostering a safe, healthy, and productive work environment for all employees, contractors, clients, and visitors. Safety is a core value that guides our decisions, strengthens operations, and ensures well-being. We adhere to a Zero Harm Philosophy, integrating safety into every aspect of our culture through leadership, compliance, continuous improvement, and employee empowerment.

5. Procedures

Step-by-Step Actions

- Leadership Commitment: Leadership sets the tone by integrating safety into organizational culture and providing resources for the HSMS.
- Risk Assessment: Conduct regular reviews, audits, and hazard assessments to identify and mitigate risks.
- Open Communication: Engage in open communication to raise and address safety concerns without reprisal.
- Training and Empowerment: Train and empower employees to report hazards, participate in safety initiatives, and adhere to best practices.
- Stakeholder Collaboration: Collaborate with stakeholders to ensure unified safety approaches and recognize contributions to improvements.

Roles & Responsibilities for Each Step

- Leadership Commitment: Management and leadership team.
- Risk Assessment: HSE Representatives and Project Managers.
- Open Communication: All employees, supervisors, and field staff.
- Training and Empowerment: HSE Management, supervisors, and training coordinators.
- Stakeholder Collaboration: Management, contractors, and industry partners.

Tools, Forms, or Checklists to be Used

- Hazard assessment forms (e.g., FLRA/FLHA)
- Audit checklists
- Incident reporting forms
- Training records.

Safety/Compliance/Quality Requirements

All actions must comply with relevant regulations, exceed industry standards where possible, and prioritize proactive risk management to prevent harm.

Reporting or Escalation Processes

Report safety concerns immediately to supervisors or HSE Representatives; escalate unresolved issues to management for corrective action and documentation.

6. Roles & Responsibilities

- **Management** : Outline accountability by leading by example, allocating resources, ensuring compliance, and promoting a culture of safety through policies and support.
- **Supervisors** : Ensure teams adhere to safety procedures, conduct inspections, address hazards, and reinforce employee rights like refusing unsafe work.
- **Staff** : Comply with safe practices, report hazards, participate in training, and contribute to safety improvements.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through regular audits, inspections, performance reviews, and sharing of metrics to assess adherence and effectiveness.
- **Consequences for Non -Compliance** : Progressive discipline, including warnings, retraining, suspension, or termination, depending on severity.
- **Reporting Obligations** : All incidents, near-misses, and concerns must be reported promptly to HSE Representatives; breaches are documented and escalated as needed.

8. Sign-Off & Acknowledgment
