2. Purpose & Scope

Purpose

This policy exists to ensure the safety of all personnel at Aeria Solutions Ltd. by mandating the use of personal protective equipment (PPE) to mitigate workplace hazards. Its objectives include reducing injury risks, ensuring compliance with safety regulations, and fostering a culture of safety, addressing the problem of exposure to physical, chemical, and biological hazards.

Scope

This policy applies to all employees, contractors, and visitors working in or visiting Aeria Solutions Ltd. sites where PPE is required, including all operational areas, construction sites, and maintenance zones.

3. Definitions & References

Definitions

- Personal Protective Equipment (PPE): Specialized clothing or equipment (e.g., helmets, gloves, safety glasses) worn to protect against workplace hazards.

- Hazard Assessment: The process of identifying risks requiring PPE use.
- Compliance: Adherence to legal and company safety standards regarding PPE.

References

- BC Occupational Health and Safety Regulation (Part 8 - Personal Protective Equipment).
- Workers Compensation Act (British Columbia).
- Aeria Solutions Ltd. Health & Safety Policy.
- CSA Z94.1-15 (Industrial Protective Headwear).

4. Policy Statement

Aeria Solutions Ltd. requires all employees, contractors, and visitors to use appropriate personal protective equipment as identified through hazard assessments. We are committed to providing, maintaining, and enforcing the use of PPE to ensure a safe working environment and comply with all relevant health and safety regulations.

5. Procedures

Step-by-Step Actions

- Hazard Assessment: Conduct site-specific hazard assessments to determine required PPE.
- PPE Provision: Supply appropriate PPE to all personnel based on assessment results.
- Training Session: Conduct training on proper PPE selection, use, and maintenance.
- Inspection Routine: Regularly inspect PPE for wear and ensure proper fit.
- Compliance Check: Monitor and enforce PPE usage during all relevant activities.

Roles & Responsibilities for Each Step

- Hazard Assessment: HSE Representatives and supervisors.
- PPE Provision: Management and procurement team.
- Training Session: Training coordinators and HSE Management.
- Inspection Routine: Supervisors and safety officers.

- Compliance Check: HSE team and site supervisors.

Tools, Forms, or Checklists to be Used

- Hazard assessment forms (e.g., FLRA/FLHA)
- PPE inventory logs
- Training attendance sheets
- Inspection checklists.

Safety/Compliance/Quality Requirements

Adherence to BC OHS Regulation Part 8, CSA standards, and internal safety protocols during PPE use and maintenance.

Reporting or Escalation Processes

Report PPE issues or non-compliance to supervisors; escalate unresolved concerns to HSE Representatives within 24 hours.

6. Roles & Responsibilities

- **Management** : Ensure PPE is provided, funded, and integrated into safety programs, holding accountability for compliance.
- **Supervisors** : Verify PPE use by teams, conduct inspections, and address non-compliance immediately.
- **Staff** : Wear and maintain assigned PPE, report defects, and follow training guidelines.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through daily site inspections, monthly PPE audits, and worker feedback to ensure consistent use and condition.
- **Consequences for Non-Compliance** : Verbal warnings, mandatory retraining, or removal from site for failure to wear PPE, with potential termination for repeated violations.

- **Reporting Obligations** : All PPE-related incidents or non-compliance must be reported to supervisors within 24 hours.

8. Sign-Off & Acknowledgment
