2. Purpose & Scope

Purpose

This policy exists to safeguard the health and safety of all personnel at Aeria Solutions Ltd. during a pandemic disease outbreak. Its objectives include minimizing transmission, ensuring business continuity, and complying with public health measures, addressing the challenge of managing widespread infectious diseases like COVID - 19 or future pandemics.

Scope

This policy applies to all employees, contractors, and visitors at Aeria Solutions Ltd. sites, encompassing all operational areas, offices, and remote work settings during a declared pandemic.

3. Definitions & References

Definitions

- Pandemic Disease: A widespread infectious disease outbreak declared by public health authorities, requiring coordinated response measures.

- Business Continuity: Maintaining critical operations during a pandemic through remote work or adjusted schedules.
- Contact Tracing: Identifying and notifying individuals exposed to a confirmed case.

References

- BC Occupational Health and Safety Regulation (Part 4 - General Conditions).
- Workers Compensation Act (British Columbia), Part 3 - Rights and Responsibilities.
- Aeria Solutions Ltd. Health & Safety Policy.
- BC Public Health Emergency Guidelines (as updated September 2025).

4. Policy Statement

Aeria Solutions Ltd. is committed to protecting the health and safety of all employees, contractors, and visitors during a pandemic disease outbreak. We will implement preventive measures, support business continuity, and comply with public health directives to minimize transmission and ensure a safe working environment.

5. Procedures

Step-by-Step Actions

- Outbreak Monitoring: Track public health announcements and assess pandemic risks.
- Preparedness Plan: Activate emergency protocols, including remote work and resource allocation.
- Health Measures: Enforce hygiene practices, PPE use, and social distancing as required.
- Contact Tracing: Identify and manage exposure incidents with support from health authorities.
- Policy Review: Update procedures based on evolving pandemic conditions and feedback.

Roles & Responsibilities for Each Step

- Outbreak Monitoring: HSE Management and leadership team.

- Preparedness Plan: Management and HR.
- Health Measures: Supervisors and all employees.
- Contact Tracing: HSE Representatives and HR.
- Policy Review: HSE team and management.

Tools, Forms, or Checklists to be Used

- Pandemic response plan
- Exposure tracking forms
- PPE inventory logs
- Hygiene audit checklists.

Safety/Compliance/Quality Requirements

Compliance with BC Public Health Emergency Guidelines, OHS Regulation Part 4, and internal safety protocols during a pandemic.

Reporting or Escalation Processes

Report symptoms or exposures to supervisors; escalate confirmed cases or issues to HSE Representatives within 24 hours for action.

6. Roles & Responsibilities

- **Management** : Develop and fund pandemic response plans, ensure resource availability, and communicate updates to all personnel.
- **Supervisors** : Enforce health measures, monitor compliance, and support affected workers with isolation protocols.
- **Staff** : Follow hygiene and distancing rules, report symptoms, and participate in contact tracing efforts.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through daily health checks, weekly compliance audits, and feedback surveys during a pandemic to ensure adherence.

- **Consequences for Non -Compliance** : Warnings, mandatory retraining, or removal from site for non-adherence, with termination possible for repeated violations.
- **Reporting Obligations** : All symptoms, exposures, or non-compliance must be reported to supervisors within 24 hours.
