2. Purpose & Scope

Purpose

This policy exists to establish an effective emergency response plan at Aeria Solutions Ltd. to protect personnel and property during crises. Its objectives include ensuring rapid response, complying with safety regulations, and addressing emergencies such as fires, spills, or medical incidents.

Scope

This policy applies to all employees, contractors, and visitors at Aeria Solutions Ltd., covering all work sites and operational areas during emergencies.

3. Definitions & References

Definitions

- Emergency: A sudden event requiring immediate action to protect health, safety, or property (e.g., fire, chemical spill).
- Evacuation: Organized movement of personnel to a safe location during an emergency.

- First Aid: Immediate medical assistance provided to injured persons.

References

- BC Occupational Health and Safety Regulation (Section 3.16 - Emergency Preparedness).
- Workers Compensation Act (British Columbia), Part 3 - Rights and Responsibilities.
- Aeria Solutions Ltd. Health & Safety Policy.
- WorkSafeBC Guidelines on Emergency Preparedness and Response.

4. Policy Statement

Aeria Solutions Ltd. is committed to preparing for and responding to emergencies to safeguard all personnel and assets. We require regular training, clear procedures, and coordination with emergency services to ensure a swift and effective response to any crisis.

5. Procedures

Step-by-Step Actions

- Emergency Planning: Develop and update an emergency response plan for each site.
- Training Sessions: Conduct regular drills and training on emergency procedures.
- Alarm Activation: Sound alarms and notify personnel of emergencies immediately.
- Evacuation Process: Direct safe evacuation to designated assembly points.
- Post-Event Review: Assess response effectiveness and update plans as needed.

Roles & Responsibilities for Each Step

- Emergency Planning: HSE Representatives and management.
- Training Sessions: Training coordinators and supervisors.
- Alarm Activation: Designated alarm officers or supervisors.
- Evacuation Process: Evacuation wardens and supervisors.
- Post-Event Review: HSE team and management.

Tools, Forms, or Checklists to be Used

- Emergency response plan templates
- Training attendance logs
- Evacuation maps
- Incident report forms
- Review checklists

Safety/Compliance/Quality Requirements

Adherence to BC OHS Regulation Section 3.16 and coordination with local emergency services during all response activities.

Reporting or Escalation Processes

Report emergencies to supervisors; escalate critical incidents to HSE Representatives and emergency services immediately.

6. Roles & Responsibilities

- **Management** : Develop and fund emergency plans, ensure training, and coordinate with external agencies.
- **Supervisors** : Oversee evacuations, activate alarms, and report incidents.
- **Staff** : Participate in drills, follow evacuation orders, and assist where trained.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through quarterly drill evaluations, emergency plan reviews, and incident debriefs to ensure adherence.
- **Consequences for Non -Compliance** : Warnings, retraining, or disciplinary action for failing to follow emergency procedures.
- **Reporting Obligations** : All emergencies or non -compliance must be reported to supervisors immediately.
