2. Purpose & Scope

Purpose

This policy exists to establish a structured process for investigating workplace incidents at Aeria Solutions Ltd. to determine causes and prevent recurrence. Its objectives include ensuring compliance with safety regulations, protecting personnel, and addressing the challenge of identifying root causes of incidents.

Scope

This policy applies to all employees, contractors, and supervisors at Aeria Solutions Ltd., covering all work sites and incidents requiring investigation, including injuries, near misses, and property damage

3. Definitions & References

Definitions

- Incident: Any event resulting in injury, illness, near miss, or property damage.
- Investigation: A systematic process to identify the cause and contributing factors of an incident.

- Corrective Action: Measures implemented to prevent future incidents based on investigation findings.

References

- BC Occupational Health and Safety Regulation (Section 3.4 - Investigation of Incidents).
- Workers Compensation Act (British Columbia), Part 3 - Rights and Responsibilities.
- Aeria Solutions Ltd. Health & Safety Policy.
- WorkSafeBC Guidelines on Incident Investigation.

4. Policy Statement

Aeria Solutions Ltd. is committed to conducting thorough and timely investigations of all workplace incidents to determine causes and implement corrective actions. We ensure compliance with legal requirements and foster a culture of safety through transparent and effective investigation processes.

5. Procedures

Step-by-Step Actions

- Incident Notification: Report all incidents to supervisors immediately.
- Initial Response: Secure the site and preserve evidence pending investigation.
- Investigation Team: Assemble a team to analyze the incident, including witnesses and experts if needed.
- Analysis Process: Identify causes and contributing factors through interviews and evidence review.
- Report and Action: Document findings and implement corrective measures, with follow-up reviews.

Roles & Responsibilities for Each Step

- Incident Notification: All employees and contractors.
- Initial Response: Supervisors and safety officers.
- Investigation Team: HSE Representatives, supervisors, and management.

- Analysis Process: Investigation team.
- Report and Action: HSE team and management.

Tools, Forms, or Checklists to be Used

- Incident report forms
- Investigation checklists
- Witness statement templates
- Evidence logs
- Corrective action plans

Safety/Compliance/Quality Requirements

Adherence to BC OHS Regulation Section 3.4 and internal safety protocols during all investigation activities.

Reporting or Escalation Processes

Report incidents to supervisors immediately; escalate complex cases to HSE Representatives within 24 hours.

6. Roles & Responsibilities

- **Management** : Oversee investigations, allocate resources, and approve corrective actions.
- **Supervisors** : Report incidents, secure sites, and assist in investigations.
- **Staff** : Report incidents, provide statements, and comply with investigation requests.

7. Monitoring, Compliance & Enforcement

- **How Compliance Will Be Monitored** : Through monthly review of investigation reports, corrective action follow-ups, and incident trend analysis to ensure adherence.
- **Consequences for Non-Compliance** : Warnings, retraining, or disciplinary action for failing to report or cooperate in investigations.

- **Reporting Obligations** : All incidents must be reported to supervisors immediately, with investigation findings submitted to HSE Representatives within 7 days.
